Objectives:

Gentlemen, in summary, I would like to express my interest in ROV Piloting and maneuvering activities with your company. I recently completed another ROV Pilot training, where I developed a solid foundation of knowledge and skills that I believe will be valuable for the position.

During my training, I participated in several projects and extracurricular activities that allowed me to improve my ROV Piloting skills. In addition, I am a focused and committed person, which makes me a good contributor to your company's Pilot team.

I am excited about the opportunity to start my career with your Company and I am confident that my dedication and willingness to learn will allow me to exceed expectations. I thank you for your consideration and I am available for an interview to discuss how I can contribute to the success of your team.

• 10/2022 – Currently	Electrical technical assistant
